

VP Elite Braille Embosser Tractor-Fed Embosser

High-speed braille production, superior tactile graphics - you can even add ink!

Get the quality and reliability expected with a heavy-duty braille production unit along with the added benefit of Tiger graphics—the most detailed raised graphics available from any braille embosser. Create an entire braille book, complete with double-sided braille text and tactile graphics, all with the touch of a button. You can even add the optional InkConnect and transform it into a braille and ink embosser!

High-Resolution Tactile Graphics

The VP Elite offers high-resolution tactile graphics. With 8 different distinctive dot heights users can transform images into readable tactile graphics. The dot height is automatically adjusted based on the visual color of the image. The darker the color the higher the dot and the lighter the color the lower the dot making it easy for users of all skill levels to make custom tactile graphics.

About the VP Elite

Price: \$14,995.00

- 200 characters/second high-speed braille production
- Quality double-sided braille
- The highest resolution Tiger tactile graphics - 8 dot heights
- Tractor feed paper
