

IRIE BrailleTrac 120

Tractor-Fed Braille Embosser

with NEW Power-Dot Braille

Get fast, reliable braille with the IRIE BrailleTrac 120! Embossing at 120 CPS this double-sided braille embosser gives you Library of Congress standard braille with the highest-resolution tactile graphics! And for those wishing for an extremely strong braille dot, the NEW Power-Dot Braille is now available!

New Power-Dot Braille™

Power-Dot Braille makes the strongest, most tactile braille dots available from any desktop braille embosser but still maintains a pleasing rounded dot shape. For the first time, it is possible to have production-quality braille on a desktop embosser.

High-Resolution Tactile Graphics

Producing custom tactile graphics has never been easier! With 8 different dot heights you can fully customize images to get the most readable tactile graphics. Fill images with different patterns/dot heights to provide more detail or change the dot heights on graphs to make gridlines less prominent and the graph easier to read.

About the IRIE BrailleTrac 120

Price: \$3,595.00

- 120 characters/second – fastest wireless braille embosser at the price!
