

CloverBook Lite FHD

Foldable, Portable Video Magnifier

CloverBook LITE, is a large, 12.5-inch FHD touchscreen video magnifier; all in a light, foldable, extremely portable design! The device comes equipped with an integrated foldable stand so you can simply place it on a table or desk, unfold the unit begin using it. It's that easy!

Easy to use:

Navigation is simple too! Use the traditional tactile buttons or knobs for magnification and contrast or use touchscreen gestures to move seamlessly through the device.

Versatile Device:

The large 12.5" full-HD screen makes it easy to browse the newspaper, read a book or look at your favorite photo album and the best part - you can adjust the angle of the screen to the position that feels right for you! There is plenty of space between the screen and the stand to enjoy your favorite hobbies like writing, painting or doing craft.

About the CloverBook Lite

Price: \$1,895.00
